[L.S.]

S. W. TAYLOR,  
*Registrar of Companies.*

The objects of the Society are:—

(a) To recognize that: "The proper and immediate end of Christian education is to co-operate with divine grace in forming the true and perfect Christian, that is, to form according to the emphatic expression of the apostle: 'my little children, for whom I am in labour again, until Christ be formed in you.' Hence the true Christian product of Christian education is the supernatural man who thinks, judges and acts constantly in accordance with right reason illuminated by the supernatural light of the examples and teachings of Christ." (Encyclical: "Christian Education of Youth," by Pius XI.)

(b) By this Association's establishment, with a constitution in aims and objects fundamentally in accord with the United Nations Organization's statement of the divine and natural rights of children to an education, and to the right of parents to choose the kind of education, to strive for the practical and living application of Article 27 of the United Nations declaration of human rights, which reads as follows:—

"(i) Everyone has a right to education. Education shall be free, at least in the elementary and fundamental stages. Elementary education shall be compulsory. Technical and professional education shall be made generally available and higher education shall be equally accessible to all on the basis of merit;

"(ii) Education shall be directed to the full development of the human personality and to the strengthening of respect for human rights and fundamental freedoms; it shall promote understanding, tolerance and friendship among all nations, racial and religious groups, and shall further the activities of the United Nations for the maintenance of peace;

"(iii) Parents have a prior right to choose the kind of education that shall be given to their children";

(c) Specifically, the aim or object of this Association is to gain recognition in this Province of British Columbia of the natural and divine right of Catholic parents to have their children educated whenever possible, in their own Catholic schools and to have Catholic schools taxes levied and (or) used for educational purposes and paid by Catholics applied to the support of the schools which their children attend:

(d) In general, the objects of this Association are:—

(i) To promote Christian education in all its phases and on every level—primary, high school and university;

(ii) To promote the study of Christian philosophy to the end that teachers and our leaders in education may better understand what is meant by a Christian philosophy of education;

(iii) To strive toward a better understanding among teachers, parents and students;

(iv) To publish under the control of the Association such publications, pamphlets or periodicals as will be found useful in promoting the aims and objects of the Association;
